## PROFILE

I am a 4th-semester student in the Informatics Engineering study program at Ngudi Waluyo University. I have an interest in Front-End but I can also do Back-End so it is possible for me to become Full-Stack. I am a highly motivated person, communicative, creative, adaptive, responsible, and open to new things. Have experience as a freelance Web developer for 1 year. In addition, previously I also attended the Full-Stack Web & Mobile Developer Bootcamp program at G2 Academy. would like to apply for the position of Front-End or Full-Stack Developer in a company or agency that applies technological advances, especially in application or website development.
